Self-Check Illustrations

The illustrations in this supplement are reproductions of the figures from *Self-Check 4* and *Self-Check 6* in *Lighting and Accessories*. They're provided so you can print them for use in completing these two self-checks.

For *Self-Check 4,* you may cut out the mirrors and fireplace screens and lay them in place on the wall elevation. Doing so will give you a better idea of how the accessories will look. Then, make as many copies as you want of the accessory for *Self-Check 6*. Draw a number of different groupings to get practice creating such arrangements.
